

The following SMMs were approved at the December 2013 Board meeting

An amendment to Exclusion #59 - *Drug testing (urine or blood tests) **more than once per quarter for pain management, substance abuse** or when included as part of a structured behavioral treatment program i.e.: intensive outpatient program, partial hospitalization program.*

A new Exclusion was added which pertains to all Summary Plan Descriptions - *Any and all water circulating pads with pumps, (hot or cold) including but not limited to Electronic Controlled Thermal Therapy, Ice Man, Cryo Cuff, Auto Chill, etc. regardless of whether they are ordered by your physician.*
